

Downloading e-books from EBSCOhost eBook Collection to your computer for offline viewing

Step 1: Download Adobe Digital Editions from <http://www.adobe.com/products/digitaleditions/>. You will need this (free) software to store and view the e-books you download from EBSCOhost. The process will be smoother if you already have this software on your computer before you attempt the first download. **You only have to do this step once.**

- a. Click the Adobe Digital Editions Installer “Launch” button” to download the installer to your computer.

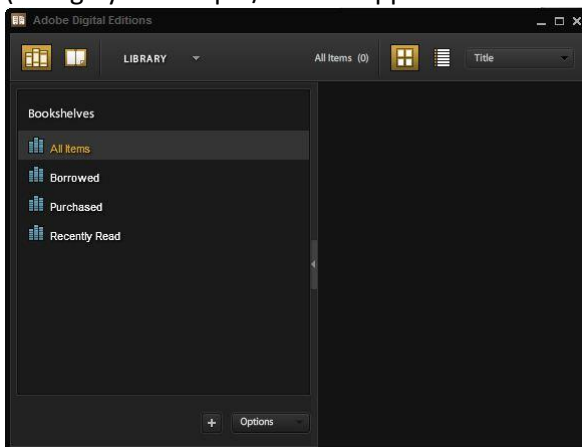

The free download (Windows® and Mac OS) takes less than a minute to install over a broadband connection.

- b. Click “Install” button.

- c. Launch the Installer and follow the instruction prompts to complete the installation. Once the installation is complete allow the installer to launch the Adobe Digital Editions application (though you can quit/exit the application immediately afterward).

Step 2: Get an Adobe ID. You will need an Adobe ID to authorize your access to the e-books you download from EBSCOhost into Adobe Digital Editions, or transfer e-books to a mobile device (more on this in **Part 2**). **You only have to do this step once.**

- a. Go to <http://www.adobe.com/>.
- b. Click the “Sign in” link on the top right side of the page (under the Search box).

- c. Click the “Create an Adobe Account” button.

It's free and only takes a minute
Get complete access to:

- Free trial downloads
- Hundreds of free product extensions
- Community areas
- Members-only white papers and downloads
- On-demand seminars
- Manage your activity in the Adobe Worldwide Store

- d. Fill out the Join Adobe form. The email address you supply will become your Adobe ID. Use this, and the password you create, to access content in Adobe Digital Editions. **Write down your Adobe ID and password.**

Step 3: Create a My EBSCOhost account. If you are an authorized EBSCOhost user (currently registered Milligan College student, faculty, or staff member) you do not need to create an account to **view** an EBSCOhost e-book in your web browser. Simply click the “eBook Full Text” link to launch the e-book viewer.

2.  **Apple Confidential : The Real Story of Apple Computer, Inc.** 

By: Linzmayer, Owen W. No Starch Press. 1999. eBook. 279p.

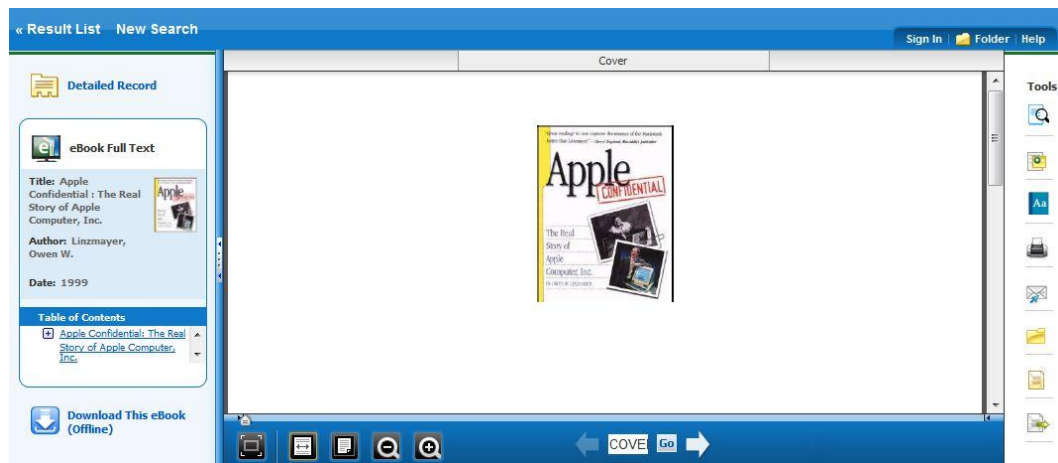

Subjects: **Apple Computer, Inc.**—History; **Computer industry**—United States—History

Database: eBook Collection (EBSCOhost)

 Add to folder

 eBook Full Text  Download (Offline)

 Table of Contents

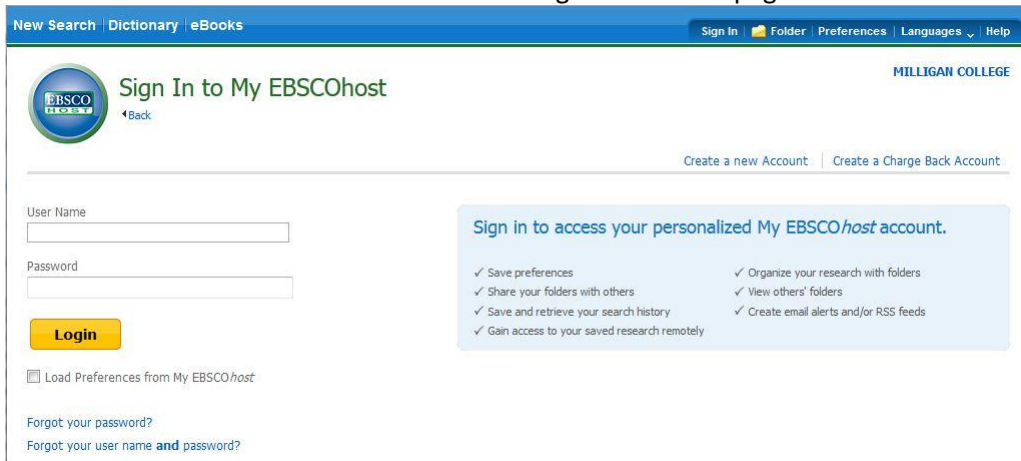

However, if you want to **download** an EBSCOhost e-book to your computer for later offline viewing in Adobe Digital Editions you will need a “My EBSCOhost” account. **You only have to do this step once.**

- a. From any EBSCOhost database (including MCMsearch) click the “Sign In” link at the top right side of the page.

- b. Click the “Create a new Account” link on the right side of the page.

- c. Fill out the form then click the “Save Changes” button. The user name and password you supply will enable you to login to your **My EBSCOhost** account and download e-books to your computer. **Write down your User Name and password.**

You now have everything you need to download and read EBSCOhost e-books on your computer. Let's download an e-book now!

Step 4: Download an e-book from the EBSCOhost eBook Collection. **NOTE:** These instructions apply only to e-books in the **EBSCOhost eBook Collection** (Milligan College Library provides e-books from other publishers. Those e-books cannot be *downloaded* to your computer using these instructions).

- a. Launch **EBSCOhost eBook Collection** from the "Resources" dropdown menu on the Milligan College Library website at <http://library.milligan.edu>. Search for an e-book. EBSCOhost e-books are also included in relevant **MCSearch** search results.

2. **Apple Confidential : The Real Story of Apple Computer, Inc.**

By: Linzmayer, Owen W. No Starch Press. 1999. eBook. 279p.
 Subjects: **Apple Computer, Inc.**--History; **Computer industry**--United States--History

 Download (Offline)

 Table of Contents

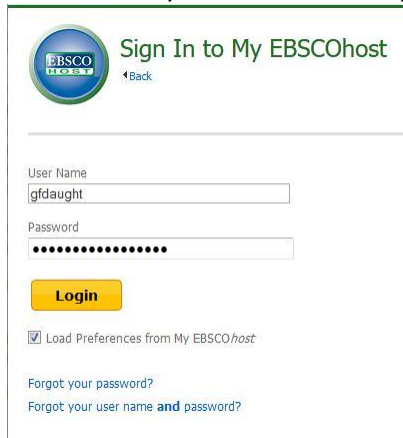

- b. If the record for the e-book you have selected includes a "Download (Offline)" link the book can be downloaded to your computer for offline viewing. Click the "Download (Offline)" link.

- c. You will be prompted to sign-in using your **My EBSCOhost** account. Click the "Sign In Now" link.

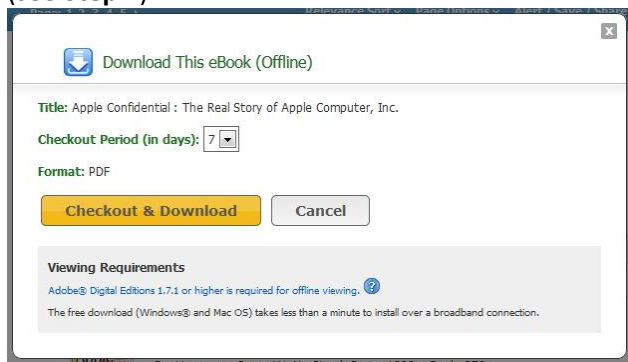

- d. Enter your User Name and Password from your **My EBSCOhost** account and click the “Login” button. (If you are using a personal computer you may choose to have your web browser “remember” your credentials so you don’t have to re-type this information in the future.)

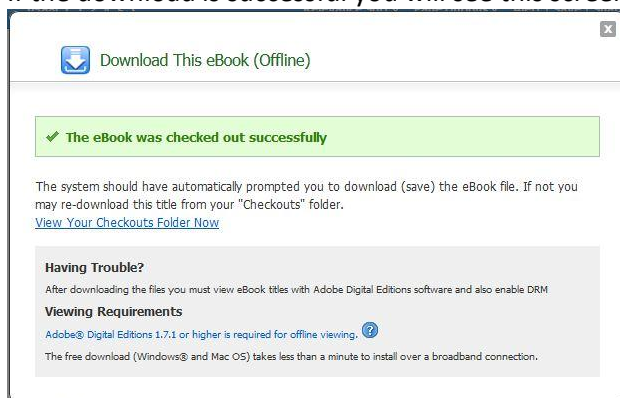

The screenshot shows the 'Sign In to My EBSCOhost' page. At the top left is the EBSCO logo. Below it is a 'Back' link. The main heading is 'Sign In to My EBSCOhost'. There are two input fields: 'User Name' with the text 'gfdought' and 'Password' with a masked password of 12 dots. A yellow 'Login' button is positioned below the password field. Underneath the button is a checked checkbox labeled 'Load Preferences from My EBSCOhost'. At the bottom, there are two links: 'Forgot your password?' and 'Forgot your user name and password?'

- e. Once you are logged into **My EBSCOhost**, a “Download This eBook” screen for the e-book you have selected will pop up. If the e-book is available for checkout, select the Checkout Period and click the “Checkout & Download” button. Notice the download screen informs you that you need to have Adobe Digital Editions on your computer in order to view the downloaded book (see **Step 1**).

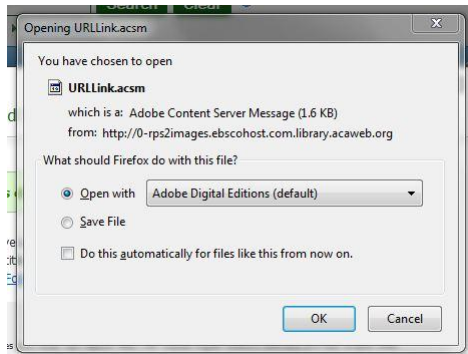

The screenshot shows a dialog box titled 'Download This eBook (Offline)'. The title bar includes a close button. The main content area displays the book title 'Apple Confidential : The Real Story of Apple Computer, Inc.', a 'Checkout Period (in days):' dropdown menu set to '7', and the format 'PDF'. There are two buttons: a yellow 'Checkout & Download' button and a grey 'Cancel' button. Below this is a 'Viewing Requirements' section with a blue question mark icon, stating 'Adobe® Digital Editions 1.7.1 or higher is required for offline viewing.' and 'The free download (Windows® and Mac OS) takes less than a minute to install over a broadband connection.'

- f. If the download is successful you will see this screen:

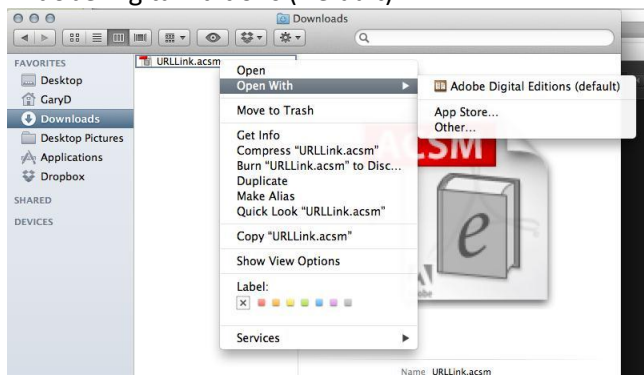

The screenshot shows the same dialog box as in step e, but with a green success message at the top: '✔ The eBook was checked out successfully'. Below this message, the text reads: 'The system should have automatically prompted you to download (save) the eBook file. If not you may re-download this title from your "Checkouts" folder.' followed by a blue link: 'View Your Checkouts Folder Now'. The 'Viewing Requirements' section is repeated at the bottom of the dialog box.

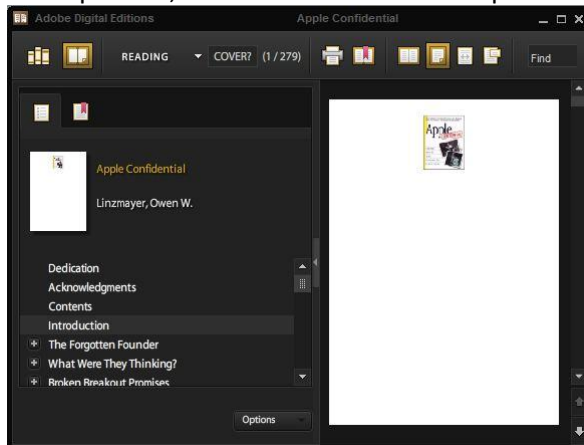

- g. Once the e-book file is downloaded you should see a screen prompting you to choose how you will open the e-book file. If you have Adobe Digital Editions pre-loaded on your computer the “Open with Adobe Digital Editions (Default)” option will be pre-selected.

If you downloaded the e-book file on an Apple Mac, locate the .ACSM file (stands for Adobe Content Server Message file) where you customarily download files (e.g., the “Downloads” folder), **Control-Click** on the file, select “Open With” from the contextual menu and select “Adobe Digital Editions (Default).”

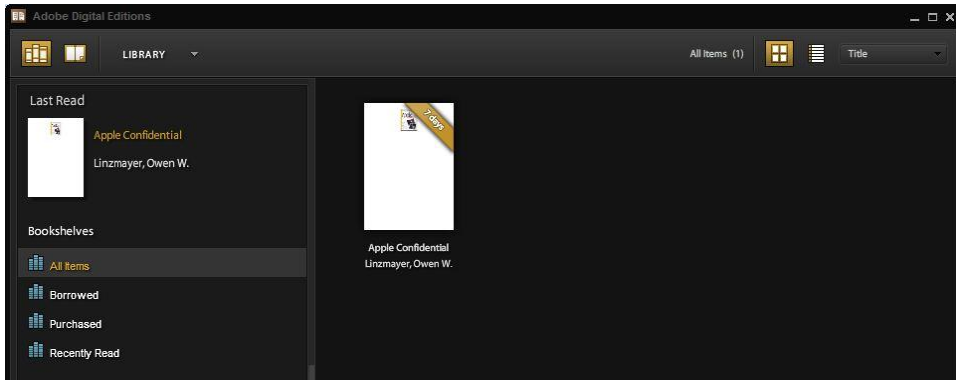

- h. Adobe Digital Editions should launch and you will see the e-book loading into the application. When complete, the book is immediately available for viewing! Notice the navigation tools on the top menu, and the table of contents pane on the left.

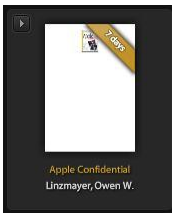

- i. Click on the “Library” button in the upper left of the top menu to view all the books you have downloaded. Adobe Digital Editions will track the checkout period remaining on each book in your Library.

When the checkout period is expired you will no longer be able to open the book. At this point, you may decide to delete the file from your Library. Click the arrow button to the left of the book and select “Delete Item” from the drop down.

j. Enjoy!
